Chapter 1 by Brook_16

William Malkovich suspected something was a little off when his loving mother tried to strangulate him when he was just six years old. Nevertheless, he lived a relatively normal life among other humans.

It wasn't until he bumped into the devilishly beautiful Vampire, Charlotte Williams, that his life finally began to make sense.

However, Charlotte proved to be hard and seemed to have an unhealthy obsession with saving people. William soon learned that Charlotte had taken an oath never to bite a human being.

When William's loving mother is killed by some creature, William realises his own life is at risk.

Despite Charlotte's sharp fangs and cold demeanor, William finds himself falling for the Vampire. Only fate will decide whether she kills or protects him.

One night, a Vampire appears before William and warns him of a darkness within Charlotte. The Vampire gives William the enchanted Stake - the only weapon that can defeat the

enchanted Vampire.
